POT POURRI ..... by Jan Flynn

I promised a short column this month, so here it is, one of my Favorite Fables (author unknown):

"YOU THINK YOU'RE WORKING HARD"

There aren't as many people actually working as you may have thought. At least not according to this survey: the population of the country is 200 million, but there are 72 million over 60 years old, leaving 128 million to do all the work. People under 21 total 79 million which leaves 49 million to do all the work. But there are 26 million who are employed by the government & that leaves 23 million to do all the work. Ten million are in the armed forces, leaving 13 million to do all the work. Deduct 12,800,000, the number of State & City offices & that leaves 200 thousand to do all the work. There are 126 thousand in hospitals, insane asylums & so forth, & that leaves 74 thousand to do all the work. But 62 thousand of those are bums or others who will not work, so that leaves 12 thousand to do all the work. Now it may interest you to know that there are 11,998 people in jail, so that leaves just two people to do all the work. And that is you and me.

And Brother, I'm getting tired of doing everything by myself!

So many people have enjoyed the Exercise Classes that have been offered here at the House, but for those of you a tad too indolent (that's fancy for lazy) to want regimented or strenuous work-outs, here are my easy exercises for correcting Tummus Protrudis (translation: Pot Belly).

At the office while filing, or when waiting for an elevator, or at home standing at the kitchen sink: pull abdominal muscles in, tighten & hold 8-10 seconds. Do this once an hour & in a week you'll notice results (no kidding). Also can be done in the car (perhaps each time you have to stop for a light) but be sure you're sitting up straight with spine against back of seat. This particular exercise is good on long auto trips as it relieves tension & helps fight sleepiness.

Our very Best Wishes for a Happy Birthday in August go to MILTON KAMINSKY (on the 8th) and BETTY MANTON (the 19th).

Quip-for-the-day: Just when you thought you could make ends meet, someone moved the ends!

'Til the next time .....
